

# **HYDRO-FORCE VAPOR CLEANING MACHINE**

The Hydro-Force Vapor Cleaning Machine is the commercial steamer for chemical-free cleaning. Use it in commercial kitchens, supermarkets or anywhere your customer demands a chemical-free environment. With live steam, the Hydro-Force Vapor Cleaning Machine cuts grease, mold, mildew, aged-on contaminants and a mountain of other substances. A heavy-duty stainless steel body will take serious punishment. Easy-to-use attachments adapt to any job. Clean up to two hours on one three-quart tank of water.
