Boost All

pH Boosting & Brightening Agent

Boost All

Boost All has alkaline builders and color safe oxygen bleach to add to your carpet and upholstery solutions to boost cleaning effectiveness and brighten the finished look. Boost All has been BOOSTED! Your favorite pH and oxygen boosting additive just got better with the addition of Oxiblu Oxygen Accelerator, the proprietary hydrogen peroxide accelerator. Boost All is stable in powder form, but when mixed with water, Oxiblu dissolves, comes in contact with peroxide and supercharges it. The result? Carpets get brighter, faster!

- Brightens dingy traffic lanes
- Boosts alkalinity
- Brings back the “pop” to upholstery colors
- Brightens and restores the color of olefin carpets

with OXIBLU™ oxygen accelerator

Part Number:
CR16C | CR16A

RTU pH
10.0

Dilution Ratio:
1/4 - 2 oz / gal.

Contents:
8 lb. Jar (3.628 Kilograms)

Available in:
8 lb. Jars and 4 x 1 jar cases,
2 lb. Jars and 12 x 1 jar cases

DIRECTIONS

EXTRACTION: Use ¼ to ½ ounce of Boost All per gallon of ready-to-use cleaning solution. The solution should be used within 60 minutes of mixing.

UPHOLSTERY: Use 1/4 to 1/2 ounce BOOST ALL per gallon of cleaning solution with either the extraction or shampooing cleaning method.

PRE-CONDITIONING: Add 1-2 ounce (mix first) BOOST ALL per ready-to-use gallon. Allow 15 minutes dwell time before extraction.

Safe for use on all synthetic and cotton fibers.
