

**SQUARE
SCRUB**

Square Scrub Pad Information

EBG-20/Q

The EBG-20/Q Surface Preparation Machine features a quiet 1725 rpm motor that generates less than 62db and has removable weights, 3/4" axle, 6"x2" non-marking wheels with ball bearings, and a 50-foot 14 gauge power cord with lighted hospital grade plug. Weighing in at just 121 pounds, the 20/Q is simple to operate and is at home working on any type of floor. This very affordable machine is a great fit for small or large businesses. You can add a two-piece handle, dust containment kit and hour meter to suit your needs!

American Made

EBG-20/C

The EBG-20/C Surface Preparation Machine features a smooth 3450 rpm motor, 50-foot 14 gauge power cord with lighted hospital grade plug, weighs in at 158 pounds and is versatile enough to provide total floor preparation solutions. The 6"x2" non-marking wheels and ball bearings are coupled with a 3/4" axle for greater mobility. The 20/C includes removable weights. An optional two-piece handle and dust containment kit is available.

American Made

EBG-28

Powerful, heavy and durable, the EBG-28 boasts 271 pounds of weight to help penetrate multiple layers of finish. A 50-foot 14 gauge power cord with lighted hospital plug, smooth and powerful 3450 rpm, 1.5 hp motor, eight large isolators and American made parts make this machine reliable and able to tackle the biggest job. The 6"x2" non-marking ball bearing wheels and heavy-duty 3/4" axle makes this machine easy to move on any surface type. The EBG-28 is the only machine that comes with a dust containment kit. Add a two-piece handle (optional) and this becomes easily transportable in nearly any vehicle. Also optional is an hour meter.

American Made

Pads for Square Scrub machines

SQP

P1420SQP / P1428SQP

SQP is a thin pad designed to remove floor finish without chemicals. Remove several layers of acrylic finish to prep for recoating. **Use dry or wet** on VCT and tile

Tile and Grout Wet Pad

P1420TG / P1428TG

Our Tile and Grout pad is best on grouted tile floors, but can be used very effectively on terrazzo, poured non-slip, concrete and other uneven floors. **Use wet** on several surfaces

P1420RED / P1428RED

This light duty Red pad gives best results in a light cleaning and buffing situation. Primarily used as a spacer pad. **Use wet or dry** on VCT and tile

SAP (Square Abrader Plate)

P1319SAP / P1327SAP

Carbide Tungsten steel abrader tool. Designed for heavy duty use, including removing linoleum, glue or paint on concrete. **Use dry** on concrete

Carpet Bonnet

P1420CB

Combined with our carpet encapsulation chemical, the Carpet Bonnet deep cleans even the highest-traffic carpeting. Quicker drying time. **Use wet** on any carpeted surface

Pads for Square Scrub machines

SHO Wet Strip Pad P1420SHO / P1428SHO

The SHO pad should be used only for the heaviest of chemical stripping jobs. Extremely abrasive and heavy, dense fibers. Best when dirt and buildup are severe. **Use wet** on VCT and tile

SSE (Enhancer Pad) P1420SSE / P1428SSE

The SSE (Enhancer pad) is designed exclusively for Square Scrub to be used as restorative pad used with Square Shine Floor Reviver. **Use wet** on VCT and tile

Xtreme Sponge P1420XTR / P1428XTR

Use the Xtreme Sponge to remove scuff marks on VCT or bathroom tile. A little water and this melamine pad deep cleans and restores shine between refinishing jobs. **Use wet** on VCT and bathroom tile

P1420DRIVER / P1428DRIVER

The Driver pad is designed to provide a spacer between your sandpaper and the machine. Just 1/4" thick, always use your driver pad when using sandpaper. Always check spacer and driver pads frequently for wear and replace as needed! **DO NOT USE WITH**

Use this pad with Sandpaper

ABRADER PLATE! Change pad often to protect wood floor

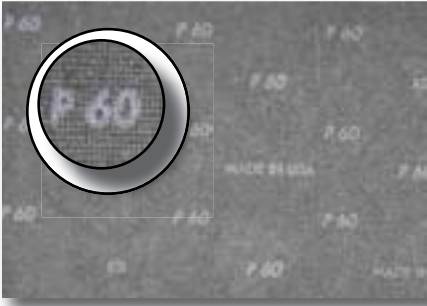

P1420RED / P1428RED

This light duty Red pad gives best results in a light cleaning and buffing situation. Primarily used as a spacer pad. Always check spacer and driver pads frequently for wear and replace as needed! **Use wet or dry** on VCT and tile

Use this pad with: Sandscreen, SSE, SQP, Abrader Plate

Screens

concrete.

Sandscreens are ideal for finish removal or repair of wood floor surfaces, such as gym floors. Can be used to repair painted floor surfaces. Both sides of screen can be used. Use with Red Driver Pad **P1420RED**. Use wet or dry on wood or painted

Sandpaper

Our Sandpaper comes in a variety of grits to tackle any wood floor needs. Use these for smoothing wood surfaces without chemicals. Use the White Driver Pad **P1420DRIVER** or **P1428DRIVER**. Use dry on wood flooring or decks

Pro Sandpaper

This Pro Sandpaper is double-sided and longer lasting than standard sandpaper, cutting paper usage drastically! Comes in grits ranging from the ultra-aggressive 16 grit to the popular 100 grit. Use these for smoothing wood surfaces without chemi-

icals. BOTH sides of this paper can be used!

Use the White Driver Pad **P1420DRIVER** or **P1428DRIVER**. Use dry on wood flooring or decks

**Lasts up to
6x longer!**

NEW!

Stone Prep Pads for 20-inch machines

PSP1420BLK

For heavy duty cleaning of stained and dirty industrial coatings and raw concrete. Removes oil, grease, soot, and tire marks. 100 grit. **Use wet or dry** on concrete

PSP1420RED

The Red PSP is best used on worn concrete for heavy duty cleaning. Will remove scratches and stains from the surface. 400 grit. **Use wet or dry** on concrete

PSP1420WHT

A smooth finish will be the result of using the White PSP. Removes heavy scratches from the surface. 800 grit. **Use wet or dry** on Terrazzo, natural stone, concrete, vinyl and epoxy

PSP1420YLW

The Yellow PSP is used for polishing, thanks to the 1500 grit rating. Helps restore luster to dull surfaces. **Use wet or dry** on Terrazzo, natural stone, concrete, vinyl and epoxy

PSP1420GRN

Use the Green PSP when you're ready to put a high gloss shine on stone, vinyl, linoleum, smooth concrete, terrazzo and natural stone surfaces. 3000 grit. **Use wet or dry**

Bucket on a Stick

SSBOS18 SSBOS24

Our innovative Bucket on a Stick design holds 5 quarts of finish and provides the best balance and control of any all-in-one applicators. The microfiber mop head applies the finish quickly and smoothly. Easy to clean and maintain.

SS0403Z

18-inch microfiber mop head

SS0406Z

24-inch microfiber mop head

Square Shine SQSFLR14PN

Square Shine Floor Reviver is a great addition to any floor maintenance program. A concentrated, economical formula that will put new life into your finished flooring. Square Shine works hand-in-hand with the Square Scrub SSE (Square Shine Enhancer) Pad for beautiful results. It features a concentrated, economical formula that will put new life into your finished flooring and easy mop-on application.

Optional And Original Replacement Equipment

DCK (Dust Containment Kit) **SS142010**

Our Dust Containment Shroud adds another dimension in controlling indoor airborne particulates during dry stripping. Easy to install. Fits any Square Scrub machine built after 2/1/2010. All EBG-28's have these as standard equipment.

DS (Dust Skirt) **SS142005 / SS142805**

Our Dust Skirt kit adds a measure of particulate control and installs in minutes. Made of durable material, the Dust Skirt is a cost-effective solution for any machine. Comes with new adhesive strip and velcro.

Grip Face **SS142003**

The heavy-duty plastic Grip Face is a vital part of your Square Scrub machine. Replace only when the teeth on the Grip Face are worn.

Grip Face **SS142803**

The heavy-duty plastic Grip Face is a vital part of your Square Scrub machine. Replace only when the teeth on the Grip Face are worn. Note that the EBG-28 Grip Face has three pieces.

21lb Plate Weights **SS142009**

Adding additional weight helps the machine penetrate thick finishes. The 21-pound plate is a great way to effectively and safely add additional weight to your machine (20-inch plates only).

Optional And Original Replacement Equipment

Two-piece Handle

Enjoy even easier portability with our optional two-piece handle. This easy to remove handle is made of the same durable steel as our fixed handle and enhances portability in a smaller vehicles.

Micro Switch **SS142004 / SS142804**

The Micro Switch is the ignition for the Square Scrub. This is an internal piece and is easily and quickly replaced. This switch works for both the 20-inch and 28-inch machines.

Hour Meter Kit **SS142008 / SS142808**

The hour meter is a great way to track total manhours spent using EBG products. Simple to install, the hour meter can allow for better budgeting of labor spent resurfacing floors. The hour meter works with any of the Square Scrub machines.

1725 RPM Motor **SS142006-1725**

The ultra-quiet version of the motor on the Square Scrub machines is heavy-duty, reliable and just 62dB. Easy to change, this American Mad motor comes with a two-year manufacturer's warranty and is standard on the EBG-20 and -20/Q.

Optional And Original Replacement Equipment

3450 RPM Motor SS142006-3450 SS142806-3450

The 3450 rpm motor for Square Scrub is still a very quiet 73dB and extremely powerful and smooth. This motor comes standard on all Square Scrub machines except for the EBG-20 and -20/Q, is also American Made and comes with a two-year manufacturer's warranty.
