HYDRO-FORCE®

One U.S. Gallon (3.79 Litres)

RTU ph - 1.0 - 1.5

- Restorative organic acid cleaner designed for showers.
- Cleans away hard water spots, soap scum and efflorescence.
- Safer than other aggressive acids while still extremely effective.
- Do not use on acid sensitive surfaces like marble, travertine, etc.
- Contains corrosion inhibitors to protect metal from overspray along with appropriate masking.

DIRECTIONS FOR USE

Pre-cleaning considerations
 Read entire label before using. Use only as directed. Pretest each surface in an inconspicuous area to determine suitability. Test in small inconspicuous area to determine required dilution and results. Be sure all surfaces to be cleaned are swept or vacuumed to remove loose debris. Heavy duty dilution may darken some surfaces. This acid-based cleaner will etch or damage marble, limestone and travertine surfaces. It will not typically etch or corrode most metal surfaces, including stainless steel. However, as a general rule, mask off all surfaces which could inadvertently come in contact with spray, especially metal fixtures. Avoid skin and eye contact. Ensure work area is well-ventilated during application and until surface is dry. Keep children and pets out of the area during application and drying.

Application Procedures

1. For heavy duty soiling, mix 1 part solution with one part water in pressure sprayer (64 ounces of solution with 64 ounces of water). For lighter duty soiling, mix 1 part solution with 4 – 16 parts water in a pressure

2. Apply mixed solution with a clean mop, towel, sponge or pressure sprayer, avoid sprayers with metal parts. Use a sprayer with plastic accessories such as the HydroForce TCBS AS14A. Avoid applying cleaner on unintended surfaces.
3. Agitate with a brush as needed. Brush agitation assists the cleaning process.
4. For best results, extract and rinse thoroughly with SX-7 Rotary Extraction Tool. If not available, remove solution using a sponge, wet/dry vacuum or damp mop.
5. Rinse area well with clean water and wipe dry. Thoroughly rinse all metal surfaces with clean water. For sanded grout, neutralize with solution of Viper Stone Perfect mixed at 1 to 32 dilution with comparable dwell time, and rinse thoroughly. It is important to neutralize the residues of the acid from the grout to prevent gradual degradation of the grout cleaned.

Removing Efflorescence:

Apply sparingly to small areas and agitate with a brush. Limit dwell time by extracting immediately and completely with water. Dry quickly with air movers as excess moisture is the cause of efflorescence. If source of water is not stopped then efflorescence will occur again.

INGREDIENT DISCLOSURE

Water, Acid Salt NJTS#000418-01, Surfactant Blend NJTS#36041932, Perfluoroalkyl C6-12 Phosphonic Acid.

IMPORTANT NOTICE TO PURCHASER: Seller's and manufacturer's liability for any and all losses or damages resulting from any cause whatsoever shall in no event exceed the purchase price of this product, with respect to which losses or damages are claimed. Before using, the user shall determine the suitability of this product for its intended use, and user assumes all risk and liability whatsoever in connection therewith. Go to www.hydroforce.com/sds for additional safety, regulatory and liability information.

WARNING!

Keep out of reach of children.

HAZARD STATEMENTS:

Causes serious eye irritation. Harmful if swallowed.

PRECAUTIONARY STATEMENTS:

Wash face, hands and any exposed skin thoroughly after handling. Wear eye/face protection. Do not eat, drink or smoke when using this product. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth.

ATENCIÓN!

Mantener fuera del alcance de los niños.

INDICACIONES DE PELIGRO:

Provoque una sévère irritation des yeux.

CONSEJOS DE PRUDENCIA:

Lavarse la cara, las manos y la piel concienzudamente tras la manipulación. Úsese protección para los ojos/la cara. No comer, beber ni fumar durante su utilización. EN CASO DE CONTACTO CON LOS OJOS: Aclarar cuidadosamente con agua durante varios minutos. Quitar las lentes de contacto, si lleva y resulta fácil. Seguir aclarando. Si la irritación ocular persiste: consultar a un médico. EN CASO DE INGESTIÓN: Llamar a un CENTRO DE INFORMACIÓN TOXICOLÓGICA o a un médico si se encuentra mal. Enjuagarse la boca.

AVERTISSEMENT!

Tenir hors de portée des enfants.

MENTIONS DE DANGER:

Provoque une sévère irritation des yeux. Nocif en cas d'ingestion.

CONSEILS DE PRUDENCE:

Se laver le visage, les mains et toute surface de peau exposée soigneusement après manipulation. Porter un appareil de protection des yeux/du visage. Ne pas manger, boire ou fumer en manipulant le produit. EN CAS DE CONTACT AVEC LES YEUX: rincer avec précaution à l'eau pendant plusieurs minutes. Enlever les lentilles de contact si la victime en porte et si elles peuvent être facilement enlevées. Continuer à rincer. Si l'irritation oculaire persiste: Consulter un médecin. EN CAS D'INGESTION: appeler un CENTRE ANTIPOISON ou un médecin en cas de malaise. Rincer la bouche.
