Accessories

- **3M™ Cartridge Shower Cover (RBE-SC):** Unique water-resistant cover protects device from water damage during use and enables product to be showered or wiped clean for decontamination.
- **3M™ Battery Shower Cover (529-01-56R01):** Protects battery pack during usage and shower decontamination.
- **3M™ Training Cartridges (RBE-TRN):** Color-identifiable training cartridges for ongoing, affordable training and clear differentiation from functioning canisters.
- **3M™ State of the Art Communication System (RBE-CMH):** Enhanced communication system through a throat microphone and speaker that is clipped on the wearer.
- **3M™ Foam Insert for Butyl Rubber Hood (RBE-FIH):** Helps protect hood in storage for longer term response readiness.

Bio Conversion

In order to use 3M™ Breathe Easy™ PAPRs for Bio Response, the following parts are required:

- Select from Headcover BE-12 or Hood BE-10
- If select BE-12 Headcover, 520-03-32R01 Breathing Tube Required
- Particulate Filter 450-00-01R12 – Note, 12 per case
- If still have 520-01-15R01 battery, and greater than 3 years old, recommend purchase BP-15 battery and BC-210 charger system
