

LIQUID DEFOAMER

Anti-Foaming Agent

LIQUID DEFOAMER prevents foam buildup in vacuum hoses and recovery tanks, keeping foam level to a minimum.

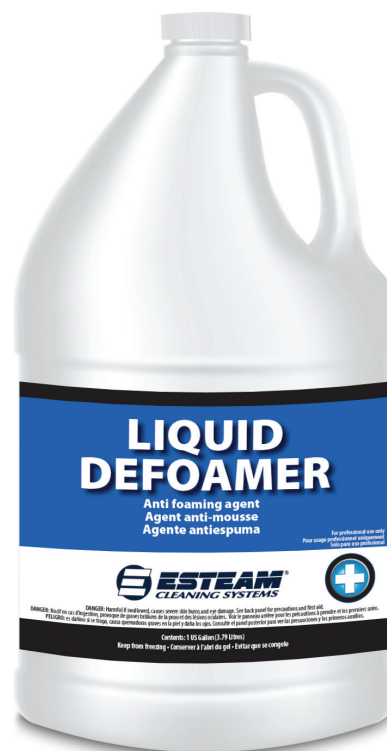

- Controls foaming action caused by previously shampooed carpets and residue from past cleanings
- For use in portable units or extraction machines

RTU pH: 7

Dilution Ratio: 1:16

Available in:

- 3.79 L (1 US Gallon) - Part # 2656-3458

DIRECTIONS: Shake well before use. Concentrate - add 1 to 2 oz. directly into waste tank before cleaning and after dumping tank. Increase or decrease amount depending on foaming conditions created by water flow, previous residue and/or size of tank.

Dilution - 1 part to 16 parts of water when pouring or spraying in vacuum hose periodically during cleaning. Increase or decrease dilution of product depending on foaming conditions created by water flow, previous residue, auto pump outs and/or size of tank.

Keep this product out of reach of children. Read the Safety Data Sheet and Product Label before using. Take the necessary precautions dictated by the label to ensure that your health and that of your customers' is protected.
